

30th IBO
HUNGARY 2019

INTERNATIONAL BIOLOGY OLYMPIAD

14-21 JULY 2019 – SZEGED

I BEE OH ☺ - Video Competition at IBO 2019

Participate in the International Biology Olympiad (IBO) 2019 Video Competition for the chance to win a prize for you and your team!

Each team attending IBO 2019 will be eligible to submit one video to the competition.

You and your team will have the chance to win a prize at the IBO 2019 Awards Ceremony. Moreover, you can get your voice and ideas heard by all over the world.

So BEFORE OR AFTER your national Olympiad selection round, grab your video-recording gears and start filming! Show your national IBO participants, and visualize and share your ideas about IBO.

1. Topic of the video

HONEY BEE and IBO

All videos should have a close connection to the IBO competition and include something in connection with honey bees as they have so important role in agriculture. The competition is looking for creative and innovative ideas. Humour is welcome; after all you want your ideas to be watched. It's up to you to make a nice link between IBO and the topic of the video.

You can have a look at the previous years films on the IBO website: [Media](#).

You may want possibly:

- show the link between IBO and honey bees;
- show how parts of the National Biology Olympiad are carried out in your country;
- show how your national team prepares for the International Biology Olympiad; etc.

Feel free to be original!

But... Please avoid explicit mention of any textbooks. Don't blame any person, institution or country.

And be careful with the background music in order to avoid being banned from youtube.

2. Duration and Language of the video

2-4 minutes

English (or with English subtitles see a possible technology on <http://amara.org>)

3. Deadline and submission

5th July 2019 at midnight (GMT)

Your video should be available on-line (on YouTube) at the latest on 30th June. Please submit the link (URL) of your video to IBO webmaster: gerard.cobut@naturalsciences.be and videocompetition@ibo2019.org

Please avoid to share the video file itself, we need the public youtube LINK only.

INTERNATIONAL BIOLOGY OLYMPIAD

14-21 JULY 2019 – SZEGED

4. Prize

The winning team will be eligible for a prize of € 250 for purchasing science textbooks, donated by the IBO Association. The winning team will be called on stage during the Closing Ceremony and the film will be presented. If the corresponding film-makers were competitors in the National Olympiad who were not selected for the IBO team, the prize will be given to the delegation. The decision of prize distribution will be up to the delegation coordinator.

5. Adjudication

First round: before the IBO competition, the coordinators of the IBO member countries will select five films according to the competition aims.

During the IBO competition week, the students will select the winning film from those five.

Jury decision is final. Only one film per country is accepted.

6. Copyright

Participants in the video competition transfer the copyright of their film to IBO, allowing the film to be used for promotional purposes for National and International Biology Olympiads.

Please make sure that submitted videos do not infringe copyrights, see the following link:

http://www.youtube.com/t/howto_copyright.

7. Technical aspects

Please make sure your film can be viewed in full screen mode: see compression guidelines on <http://www.vimeo.com/help/compression>.

The name of your country has to be mentioned in the title and in the beginning of the film.

Your team coordinator should bring a copy of the film to IBO 2019 in Szeged, Hungary (please use a common mp4/avi format).

Good Luck!

IBO 2019 Video Competition Team
